CHAPTER 6
FINANCE

- A. Exchange Rates - Exchange rates shall be made at the respective U.S. currency equivalent rate in effect at the time of payment.
- B. Collect Calls - No collect calls shall be accepted by the MD5M Office.
- C. Rules of Audit—Rules of Audit shall be those as prescribed in the International Policy Manual to be followed to the extent funds are available as determined annually by the Council of Governors in their budgeting process, with the following modification: meal expenses are limited to \$50.00 per day.
- D. Geographical Area Assistance Funds

1. History-GAAF was originally adopted to provide assistance to those districts with large land areas and resultant long travel distances for district officers in order to provide service to clubs. Some districts objected to the method of allocation because some of the northern districts had large undeveloped areas with no clubs, therefore these areas did not add to the travel costs for the district. In 1998, an Operating Resolution was passed by the delegates to the Annual Meeting with a new formula for calculating the allocation per district and specifying that the funds were to be used to promote growth at the club level.
 - a. In 2000, a bylaw amendment which incorporated the language and reasoning of the Operating Resolution was adopted. (Bylaws Article VIII, Section 2, Subsection C)

2. Rationale-The concern was that a number of districts were using the GAAF funds to supplement the district budget for travel by the District Governor and district officers to annual meetings and other multiple district events, rather than using them to provide training to club officers and members.

3. Criteria-Since that time, GAAF funds have been uniformly applied for and distributed for training activities by district chairs to train club presidents, officers and members on subjects which promote “Lions growth at a club level”. This has been interpreted to mean training in membership, extension, retention, orientation, and club officer training. GAAF is not to be used to pay District Governor’s or Vice District Governor’s expenses for visitations or other travel, and is not to be used as a travel fund for travel unrelated to the above objectives.
 - a. Examples of activities that would be subject to GAAF reimbursement:
 - i. District Global Leadership Coordinator giving a presentation at a club meeting.
 - ii. District Global Leadership Coordinator giving an orientation presentation at a district zone meeting.
 - iii. District Global Leadership Coordinator giving a presentation on new club development at a district midwinter convention.
 - iv. District officer training event for new club officers.
 - b. Examples of activities that would not be eligible for GAAF reimbursement:
 - i. District Governor travel to annual meeting.

- ii. Multiple district chairs attending midwinter conventions, even if they do put on seminars.
 - iii. District chairs attending training as students, such as GLT/GMT training.
 - c. These examples are not intended to be a complete list, but are only to illustrate the dividing line for GAAF funding. As noted in the bylaw, all expenses, if approved, are subject to the limitations of Lions Clubs International Rules of Audit.
- E. Budgets-Each Committee Chair shall submit a budget request for the following Lions' year, to be submitted to the Executive Secretary in writing at least 10 days prior to the March Council Meeting. For those chairs that are newly appointed, the Executive Secretary shall include the budget amount for the previous year, and the newly appointed chair shall have the opportunity to submit an amended proposed budget, to be acted on by the Council of Governors at its meeting during the scheduled Annual Meeting of MD5M.
- F. Budget Preparation Process
 1. Following the selection of the incoming Council Chair by the District Governors Elect following the third Council of Governors meeting, a Budget Committee shall be established consisting of the following:

Dear District Governor :

Thank you for contacting LCIF about the devastating tornado disaster in your district and your inquiry regarding the foundations Emergency Grants program for – disaster relief I am sorry to hear of the devastating situation caused by this unfortunate natural disaster. Please allow me to provide you with information on the LCIF Emergency Grant program.

Whenever there is a natural disaster. Emergency Grants of up to US \$10,000 are available to help Lions districts distribute relief aid to victims of these unfortunate disasters. The request for an Emergency Grant must be submitted by the district governor in the affected district. Emergency Grants are not given directly to individual Lions clubs, but rather to Lions districts for district relief efforts- According to the board-established grant criteria, Emergency Grant funds must be used only to provide basic necessities – such as food, clothing, blankets kitchen supplies, bottled water, and medical supplies for those affected by the disaster. **The LCIF funds may not be used to rebuild structures damaged by a storm or to provide housing on a long-term basis for disaster victims.** The amount of the grant is not sufficient to meet these needs and, in addition, other relief organizations and government agencies are better positioned to address such longer-term needs.

How should Lions districts best utilize the LCIF Emergency grant funding? To start with, LCIF recommends that districts establish a LIONS RELIEF COMMITTEE, made up of Lions in the affected areas, to oversee the purchase and distribution of relief supplies, Lions should then distribute immediate relief aid directly to the victim or district may also work with other group such as churches and local government units, to identify those persons who are most in need of assistance. **However, a Lions district should not hand the LCIF funding over to another agency. One of the main objectives of the Emergency grant program is to provide Lions with an opportunity for hands-on involvement in bringing aid to disaster victims.**

Another way to distribute relief aid is through a **voucher** system. This would involve clubs in the affected area setting up an account with local food and clothing stores. The Lions would then

provide vouchers to the affected families that can be redeemed at the store for purchasing immediate necessities. A voucher system generally works best in regions that have large multi-purpose retailers that sell both food and clothing. If such stores do not exist or if they are far from the disaster, then the Lions should instead purchase bulk supplies of relief aid for distribution directly to the families hardest-hit by the disaster.

In order for an Emergency grant request to be considered, the district governor in the affected district must provide the following detailed information by FAX immediately following the disaster.

- 1) **When and where did the disaster occur?**
- 2) **What are the extent of damages, deaths, injuries? How many homes and families were affected?**
- 3) **What are the current relief efforts by the community and by the Lions?**
- 4) **What is the district plan of action to purchase and distribute immediate relief aid, such as food, clothing, blankets, bottled water, medical supplies and similar items with the LCIF Emergency Grant funds?**

Once this detailed information is received at Lions headquarters the request is presented to the LCIF Chair for consideration. If approved, an Emergency Grant check, along with appropriate report forms, is sent to the district governor, who shall then act as the grant administrator working with the clubs in the affected areas to purchase and distribute relief supplies. **The district must use the Emergency Grant funds within 30 days of receipt of the grant and submit a final Emergency Grant report at that time.**

A district must present its Emergency grant request to LCIF by fax at 630-571-5735 or by phone at 630-571-5466 (ext. 506). Ideally, the district governor should be prepared to provide information on the disaster as requested in questions 1 to 4 above. I hope this information has been helpful. Please contact me directly with any questions.

Sincerely,
Grants Administration Coordinator, LCIF

P.S. Regarding the availability of LCIF funding for longer-term disaster reconstruction projects, Lions districts can apply for LCIF standard grants for situations in which there is a need to refurbish essential public facilities (e.g., schools, hospitals, houses for the blind or disabled, social welfare centers, etc.). The LCIF Standard grants are available up to a maximum of US \$75,000, although the Lions district applying for such a grant must also raise money locally to match the funds requested from LCIF.

Procedures to authorize Projects and Organizations to promote their programs and solicit support within Multiple District 5M

- Some organizations, such as the numerous camps that operate within the district, want approval to solicit contributions and promote their programs within neighboring districts, but not necessarily Multiple District wide. Since the International Policy was modified in 2005 to allow this, any such organization should apply to the Council of Governors to seek approval of the proposed plan, and, if desired, to seek permission to use a copy of the MD5M Directory. Any such approval resolution, once made, is effective unless and until a successor Council of Governors rescinds it.
- Some organizations, usually 501 C(3) Corporations, want to solicit and promote their programs throughout the Multiple District. These organizations are to request that an Operating Resolution be passed by the delegates at the Annual Meeting of MD5M to allow them a one year window to promote their program to the Districts and the Multiple District. By operation of the Bylaws, Article V, Section 1E, these are referred to the Constitution and Bylaws Committee for the succeeding year. If that committee deems the operation appropriate (usually, that this is a successful organization that meets MD5M Lions requirements regarding tax status and appropriate services), the Constitution and Bylaws Committee is to draft the appropriate Bylaws amendment for consideration at the next Annual Meeting.
- If a Lion, Lions Club, or District (or the Council of Governors) wishes, a project or organization can be introduced initially as a proposed Bylaws amendment. Although quicker, this probably is not as likely to receive approval at the annual meeting. The amendment can be either for “approval” under Article IX, Section 2, which usually includes activities, such as MD5M Lions International Youth Exchange Foundation, that are not separate corporation with 501C-3 (or equivalent Canadian) tax status. Those organizations which are incorporated can request that they be included as an “endorsed” program under Article IX, Section 1. These are at this point all 501C(3) (or Canadian equivalent) corporations. Although discretionary with the applicant, the two step process set out under the second bullet, above, is recommended, because the applicant doesn’t have to make decisions regarding how the amending process works, and the Constitution and Bylaws Committee gets a chance to put the proposal in proper format after having had the opportunity to observe the organization in action for nearly a year.

Appendix 36.0
Supplemental Recommendations from the MD5M Past International Directors on
Constitutional Area II (Canada) International Director rotation

MD5M PIDs consisting, in order of seniority, Lions Ben Ward, Ross Thorfinnson, Debra Wasserman, Brian Sheehan, Mike Molenda and Bruce Beck approved these Supplemental Recommendations that address concerns raised following the October Council meeting. We realize that we do not, nor should we, have any power to select an International Director candidate from MD5M. But we also have a sense of history from which we can, and should, make recommendations.

We note that we are a strong and proud International Multiple District, with friends on both sides of the border. This is reflected in our motto, “Hands Across the Border”. Our status as an International Multiple District also gives us an opportunity to have one of our Lions to be the lone Constitutional Area II (Canada) International Director.

To keep one province, Ontario, from monopolizing the Canadian International Director position, the Canadian Leadership has instituted a handshake agreement as to the residency of the lone Canadian International Director. The rotation, per PIP Judge Stevenson, is set out below:

2019-2021 - West (ID Allan Hunt)
2021-2023 - Ontario
2023-2025 - West (at the moment, the Canadian side of MD 5M - Manitoba/NW Ontario - is favoured, as that area has not had an International Director representing Canada for 20 years)
2025-2027 - Ontario
2027-2029 - East
2029-2031 - Quebec
2031-2033 - West
2033-2035 - Ontario
2035-2037 - West
2037-2039 - Ontario
2039-2041 - East

The western provinces consist of British Columbia, Alberta, Saskatchewan, and MD5M (Manitoba and NW Ontario). Those 4 provinces also rotate within themselves. This means that once every 14 years MD5M will have a chance to elect an International Director from Canada. In January 2019, MD5M had 2 PIDs from Canada, the late PID Dr. Bud Danylchuk (1978-80) and PID Ben Ward (1999-2001). We believe the next opportunity for an MD5M Canadian Lion to be a Canadian International Director will be the one to be placed on the Board for the 2023-2025 term (immediately after Lion Brian Sheehan completes his term as IPIP/LCIF Chair). Under the Canadian Rotation, the next opportunity after 2023-2025 for a Canadian MD5M Lion to serve as an International Director would be 2031-2033.

We believe that is too long and it is impractical to expect PID Ben to serve effectively until then. Therefore, we recommend that if there is a qualified International Director candidate from the MD13 or the Canadian portions of Districts 5M10 or 5M11, the Lions of MD5M should support her or him at the 2022 MD5M Convention to stand for election at the 2023 International Convention.

We also recommend that the Lions of MD5M endorse an International Director candidate to be elected to the International Board as soon as possible after the 2024-2025 Lions year.
